Introduction on boat bookings

Melbourne University Boat Club has decided that it wants all its members to book club boats before use. The club has decided to implement Sports Notice board, an online web application that allows bookings easily from your smartphone or your desktop.

You will receive an invitation in your email inbox, by December 18th from MUBC Sports Notice board. Per January 1st, 2018, it is mandatory to book every club boat.

Sooo, what's in it for me?

To show which boats you can use (High Performance or ALL, plus weight category).

To know your boat is available for you when you want to use it.

To gain a better understanding of boat use, and how to accommodate demand.

To adequately maintain heavily booked boats.

Rules of the Game

- Boats marked HP can be booked by high performance athletes only.
- Books marked ALL can be booked by all MUBC club and masters rowers.
- You can book any club boat 7 days in advance
- You cannot book recurring unless you are HP (high performance).
- Please include your crew members in your booking (if you book a boat that is larger than a single) so we are covered for insurance.
- You snooze you lose; If you do not pick up the boat, you will lose your reservation 15 minutes after the start time.

Repairs, or problems with your boat?

• If there are problems with your boat, please send an email via the quick links on 'MySNB', or your email, to 'repairs@mubc.asn.au'.

How can I access to boat booking system?

You will receive an invitation to join Sports Notice board. The invitation in your email inbox will look like this;

Frequently asked Questions

What to do if I forget my password?

There is an online password reset option available on the homepage;

Do I have to book all boats all year round?

Yes you do. Although the winter season is a low-usage season without regattas, the club still likes to understand which boats are being used so that they can be maintained.

How can I see which boats are available for me to use?

All boats have a naming convention, indicating the size, sweep and/or scull, a weight category and a classification 'HP' or 'ALL'. HP is for high performance rowers. ALL is for masters and club rowers.

Who books the boat?

Everybody can book their own boats within the limits of category and availability. Rowers are expected to coordinate amongst themselves, who books the eights or fours, and add names of crew. Coaches and coordinators have ability to override any booking.

It does not work - who can I contact?
